

May 2023

Shalom to all Shoshanah Campus Arielniks,

One quarter of 2023 has already passed us by. We are just over two months away from classes beginning. Shoshanah Campus is buzzing with activity. Only by the Lord's strength and grace are we able to get things ready before the teachers and students start arriving. The teachers come prepared to be used by the Lord to help grow and mature the students. This is accomplished through in-depth, scholarly teaching of the Scriptures. The students come with great expectations. They know that their walk with the Lord will be enriched as they learn more about Him (2 Peter 3:18). It is a great opportunity to learn the Scriptures from a Messianic Jewish perspective.

Ariel's Shoshanah Campus exists for this very purpose. Of course, there are many added benefits to spending a week or more here in the middle of the beautiful Adirondacks: quality time with the Lord on walks or hikes; meeting new friends; sitting with Bible scholars at the dinner table or perhaps the beach; rowing a kayak on Trout Pond; learning Messianic dances; being overwhelmed under a canopy of stars created by our God... the list is long.

Above: Jamie Howen, one of our 2022-students, used the afternoon hours to pick Dr. Fruchtenbaum's brain and get a personal Bible study.

There is still room to sign up for a life-changing adventure at Shoshanah Campus this summer. Whether you are a pastor, missionary, ministry leader, or just an average Joe like me (pun intended), don't hesitate to sign up today!
