SHOSHANAH

School of Messianic Jewish Studies

Ariel's Program of Messianic Jewish Studies at the Shoshanah Campus now offers eight weeks of courses and teaching on various important Bible topics all from a Messianic Jewish perspective. The curriculum is divided into four sections: the first is a two week set of courses followed by a three week set of courses, then a one week set which is a course on the Life of Messiah. The last two weeks features an additional set of courses. We encourage you to attend a full set of courses if at all possible, but you may attend any number of weeks from the opening to the ending. The special Labor Day Weekend program also provides a great ready-made opportunity to grow spiritually while getting away with the family for a relaxed holiday weekend.

# 2023 PROGRAM CURRICULUM

## THE BOOK OF GENESIS

Arnold Fruchtenbaum Weeks 1 - 2 July 3 - 14

The many genealogies in this book of "beginnings" relate to God's promise of a Messiah. The beginning of the nation of Israel and its early history in Genesis makes clear that the Messiah would one day come from Israel to redeem it and bless all the families of the earth.

## THE BOOK OF DEUTERONOMY

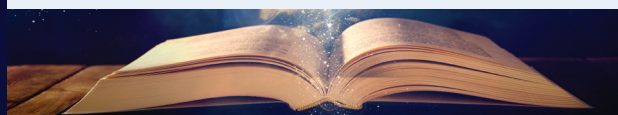

Steve Shermett Weeks 1 - 2 July 3 - 14

Because of Israel's earlier lack of belief, now the children of the Exodus generation finally stand poised to enter the land that would become their home. But before they cross the Jordan, Moses must teach Israel again how to observe the law first entrusted to their parents at Mount Sinai.

## THE HOLOCAUST: HISTORY AND THEOLOGY

Mottel Baleston Weeks 3 - 4 July 17 - 28

The Holocaust can only be understood in light of the biblical truth of God's unique relationship with his covenant people, Israel. Satan has always tried to thwart that relationship to prevent the arrival and work of the Messiah. With this course you will gain a deeper understanding that the murder of the six million Jews in Europe from 1938 to 1945 was part of this larger conflict.

## RABBINIC AND MESSIANIC VIEWS OF MESSIANIC PROPHECIES

Robert Morris Weeks 3 - 4 July 17-28

Many of the key prophecies of Messiah's first coming were interpreted differently by the Jewish rabbis over the years. This course will help you interact with and answer their best arguments.

## HIGHLIGHTS OF THE BOOK OF DANIEL

Arnold Fruchtenbaum Weeks 3 - 5 July 17 - August 4

Learn the meaning and symbolism of Daniel's visions and prophecies given during the turbulent times of the rise of the Medo-Persian empire. This course will give insight into the "times of the Gentiles" and will discuss the future of Israel and of all believers.

## THE MESSIANIC JEWISH EPISTLES

Arnold Fruchtenbaum Weeks 3 - 5 July 17 - August 4

This exposition of Hebrews, James, I & II Peter, and Jude shows how these books were written to specifically address Messianic Jewish issues in the first century and how these same epistles are relevant for all believers today.

## HIGHLIGHTS OF THE LIFE OF MESSIAH

Arnold Fruchtenbaum Weeks 3 - 5 July 17 - August 4

This summary course on the life of Yeshua, the Messiah of Israel, is required for all those attending the three-week program for the first time. This class walks you chronologically through the four Gospels by covering most of the segments of *Ariel's Harmony of the Gospels*. It focuses on the events in Yeshua's life and presents them from a Jewish perspective, shedding light on the theology and customs that were a daily part of Jewish life in the first century.

## THE BOOK OF GALATIANS

Richard Hill Week 5 July 31 - August 4

This New Testament book has become a battleground within the Messianic movement and the wider church over the issues of law versus grace and the place of Jewish and Gentile believers in the church—conflicts which this book addresses. In the context of these conflicts, discover a greater message of freedom in the Messiah.

## THE LIFE OF MESSIAH

Arnold Fruchtenbaum Week 6 August 7 - 11

In this classic one-week intensive course, you will drill down through all four Gospels chronologically using most of the segments of *Ariel's Harmony of the Gospels*. Gain a deeper understanding of the words and deeds of the Messiah by understanding the background of Jewish theology, customs, and socio-political perspectives in which He ministered.

## THE BOOK OF REVELATION

Arnold Fruchtenbaum Weeks 7 - 8 August 14 - 25

Eschatology has always been a part of Ariel Ministries' summer school program, but never have we offered a verse-by-verse study of Revelation. We invite you to join us on a journey through the things that John the Apostle saw, things that are, and things that shall come to pass hereafter (Rev. 1:19).

## REPLACEMENT THEOLOGY

Mottel Baleston Weeks 7 - 8 August 14 - 25

Many who have professed faith in Yeshua have been unwittingly used by Satan to make the church a stumbling block to the Jewish people. By reinterpreting, spiritualizing, or allegorizing the very name "Israel," they have falsely asserted that when Yeshua founded the church in Acts 2, He theologically and prophetically replaced Israel. In recent years, this unbiblical doctrine has manifested itself in numerous malignant campaigns and crusades against the modern State of Israel. In this new course, learn how to recognize the signs of replacement theology and how to refute it.

## LABOR DAY PROGRAM

September 1-4

## THE CALL OF THE PROPHETS: HOSEA, AMOS, JONAH, HABAKKUK, ZECHARIAH

Arnold Fruchtenbaum

## CHRISTIAN ZIONISM: BIBLICAL OR NOT?

Mottel Baleston

## CHILDREN AND YOUTH PROGRAM

While the adults are attending the teaching sessions, the children and youth are also learning and being disciplined by carefully selected committed staff using age appropriate settings and activities. Many of the young people have indicated that this time at Shoshanah is a highlight of their year. Please note that during non-teaching times, parents must take responsibility for their children.

## ACCOMMODATIONS

Varied types of accommodations are available, from en-suite rooms to family cabins, RV spots, and camping facilities. The Administration strives to accommodate individuals and families to make the most efficient use of the facilities. All accommodations are available on a first-come, first-served basis, with early registrants receiving preference for accommodations and dates attendance. No pets are

permitted in any of the facilities. If desired, off-site accommodation is available at local motels (contact the Shoshanah Office for a list).

## MEALS AT DINING FACILITY

Meals are always a great time for relaxed conversation around the table while enjoying the amazing "like home" food selections. Please plan to arrive after 2pm on a Saturday, as the first meal for new arrivals is the special weekend evening cookout.

Kitchen facilities may not be used by attendees to prepare special diet meals, and no food is allowed in the cabins. A refrigerator for medications is available in the dining hall. Please call the Campus office beforehand if you have questions about special dietary or medical needs.
